**"Yes, I will prepare the earth. Yes, I will study its mysteries and test its possibilities. Then, yes, I will choose the seed, set it in a promising place and fertilize its environs, watering it above all, opening a way for the sun. But only a midwife I shall be."**

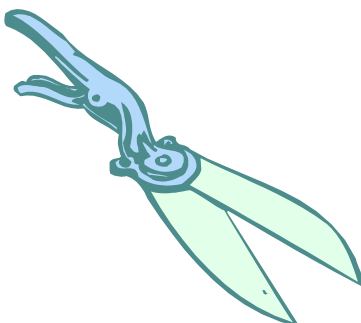

**~William Cleary**

**We put the garden to bed in the fall. It sleeps all winter; it wakes in the spring, and we prepare it for a summer of wakefulness, creativity, and productivity. This day will be a day of awakening the garden at Sequoia Retreat. Come, join us for a day of fun, meeting new friends and reconnecting with those we know, and being midwives for the garden.**
